# ASKING QUESTIONS USING EVIDENCE TESTING THEORIES

**Humanists celebrate  
Charles Darwin's birthday  
on February 12th**

## **International Darwin Day**

This recognises the significance of his work on evolution by natural selection as well as his scientific way of working – asking questions, using evidence, testing theories.

No better method has been found to understand how the world works.

# Darwin Day 12<sup>th</sup> February

## Resource Pack for Schools KS2 / 3
